Hinckley AFC - Track and Trace

Please Use Capital Letters

Name	Telephone Number

Under Covid-19 guidelines we are required to record contact details for all spectators attending matches for 'Track and Trace' purposes. We would ask you to complete and print off this form for yourself, and anyone attending with you who has not completed one, and bring it with you to hand in at the turnstile.

You will only have to do this once as a register will be compiled for use at future matches.

While you will be able to complete a record prior to entering the ground on a matchday, your co-operation in completing and handing in this form will help reduce congestion at the turnstile and as such reduce the risk of some spectators not being inside the ground before kick-off.

Early arrival will also help the club avoid congestion. Turnstiles will be open from 1.45pm on Saturdays and 6.45pm for midweek matches.

Once again thank you for your cooperation.
